### TipOne® REFILLS

As the next step in our journey to make science more sustainable, the **clear plastic packaging** on all TipOne® refills is now being made from **100% recycled plastic**.

Nothing else has changed!

- the same trusted tips
- the same reliable quality and usability
- all plastic packaging can still be recycled in the same way

Appearance wise, there is little difference between the old and new packaging, so look out for the labels on the lines already converted to the recycled plastic.
