starlab

Stainless steel freezer racking.

QUALITY RACKING UNITS TO OPTIMISE YOUR FREEZER CAPACITY

For use with all standard storage boxes up to 136 x 136 x 53 mm

Racking with pull out shelves also available for use with our popular **StarStore 100** boxes.

Folding handle on front for easy removal from the freezer

Grippers on the front are designed for ease of use even with specialist gloves

Folding handle on top for easy removal from the freezer

Locking rod keeps sample boxes securely in the rack

Boxes not included.

UPRIGHT FREEZER RACKS, SIDE ACCESS

Side access shelving system for optimising space in your upright freezer

UPRIGHT FREEZER RACKS, PULL OUT SHELVES

Pull out shelves provide the convenience of access to your samples without having to remove the rack from the freezer

CHEST FREEZER TOWER RACKS

Tower racks for optimising storage space and easy access to your samples from your chest freezer

Storage boxes not included.

BE COOL, GET ORGANISED!

Keep your samples perfectly organised, so you can always find what you need, when you need it. Starlab's range of freezer racking provides a lightweight but sturdy solution to keep your samples safe. Manufactured to the highest specifications, precision laser cutting results in racking with no sharp edges to snag on gloves.

Keeping your freezer tidy and optimising storage space is an efficient use of energy. Feel good knowing that as well as saving energy, these racks are made in Germany using 85% recycled stainless steel, in a factory powered 100% by sustainable energy.

So get your samples organised! To help, each rack is stamped with its article number, and we have ultra-fast lead times, so you can enjoy a tidier, more efficient lab that works for you. Now that's cool and organised!

SMOOTH
Laser cutting technology results in high quality units with no sharp edges

BRANDED
Article No. etched onto every rack for easy reordering

SUSTAINABILITY JUST GOT COOLER!

- Freezer racking helps optimise capacity by keeping freezers tidy and maximising storage space for efficient energy use
- Made from 85% recycled stainless steel
- Manufactured in a factory powered by 100% sustainable energy
- Made in Germany. Short journey from factory to customer reduces carbon footprint

See our data sheet to discover the sustainable benefits of freezer racking

Lab sustainability just got cooler!
THE BENEFITS OF USING FREEZER RACKING
